

# West Lake Landfill – Public Comment Period

The U.S. Environmental Protection Agency (EPA) Region 7 has published the **Proposed Plan** and initiated a public comment period for the West Lake Landfill Superfund Site, located in Bridgeton, Missouri.

The public comment period will run from Feb. 6, 2018, through March 22, 2018.

A **Public Meeting** to inform residents of the Proposed Plan, and obtain comments on the Proposed Plan and EPA's preferred remedy, will be held:

**Tuesday, March 6, 2018**  
**6 p.m. to 9 p.m.**  
**District 9 Machinists Hall**  
**12365 St. Charles Rock Road**  
**Bridgeton, Missouri**

Written comments will be accepted throughout the comment period, and oral comments may be submitted at the EPA Public Meeting.

EPA encourages residents to register in advance to submit comments at the Public Meeting. Registration will be held on a first-come, first-serve basis. Residents may register by contacting Ben Washburn, community involvement coordinator, at 913-551-7364 or [washburn.ben@epa.gov](mailto:washburn.ben@epa.gov).

Written comments on the Proposed Plan may be submitted as follows:

- **Online:** See comment form below or send email to: [R7\\_WestLakeLandfillPublicComments@epa.gov](mailto:R7_WestLakeLandfillPublicComments@epa.gov)
- **Postal Mail:** Ben Washburn, Office of Public Affairs, U.S. EPA Region 7, 11201 Renner Blvd., Lenexa, KS 66219. Mailed comments must be postmarked by March 22, 2018.

You can review the Proposed Plan, supporting documents, and Administrative Record on the [EPA West Lake Landfill page](#).

Comment (Required)

The West Lake Landfill may no longer be a negative stigma on St. Louis. Thank you for bringing reason to the discussion and coming to a decision. Even so, I'm worried about the possible transportation of the materials. Why move them if they're dangerous? Wouldn't that just endanger people across the state? Please, find a smart solution on storing the material onsite.
